and what have you

by BOB CRAIG

The Piperettes will be one of the 16 teams left in the state girls basketball playoffs Saturday when they encounter Grandbury. If they can come out on top in the two games of the tourney they will be one of four teams left in the state.

All of the best wishes of Hamlin will go with the girls as they represent the school and the city Saturday. A large crowd is expected to make the trip to see the girls in action.

The girls will be going up against some first class competition in the meet but the girls will be carrying an impressive record into the tournament.

In last week's paper we somehow left out Mary Beth Hall's name when we listed the girls who were to play in the bi-district game Monday. We want to apologize to Mary Beth for this unintentional omission. With Mary Beth named all-tournament in every tourney she has played in she would be a great loss to the team if she wasn't making the trip.

Mayer John Howard Jr. tells me that the city is having a lot of trouble recently with street lights being knocked out by youth roaming the city at night. One morning recently they had to replace over 30 lights at a considerable expense to the city.

Parents and friends should impress upon the kids that this is a misdemeanor and is punishable by a fine of not more than \$200.

It should be pointed out that the more money the city must spend on unnecessary things such as this, means they have just that much less to spend for services for the taxpaying public.

I see where President Kennedy is asking Congress to appropriate \$25,000,000 for a nationwide vaccination program to help stamp out polio, diphtheria, whooping cough and tetanus. The federal government would pay the full cost of vaccines for all children under 5 and help state and local communities immunize adults.

It seems to me that when a nation's average income is around \$5,000 a year it should be unnecessary for the federal government to pay for normal low-cost vaccines. I don't believe there is anywhere in the country that a person who is unable to pay for immunization shots can't get them free under our present set up.

Admittedly there are many children who do not have their shots at the present time but for the most part it is not the cost that keeps it that way. A number of years ago the Texas Jaycees tried unsuccessfully to make polio shots compulsory for school and made very little progress because so many people were opposed to giving their children shots.

Although \$25,000,000 may be a small part of the national budget it is uncalled for things like this that keep the government in the red. It is a noble cause, but I believe a thorough investigation will bear out the fact that it is uncalled for and unnecessary.

Church of Christ Gospel Meeting Set March 11-18

A gospel meeting at the Hamlin Church of Christ will begin Sunday, March 11 with LeMoine G. Lewis, professor of Bible at Abilene Christian College, as the preacher.

Services will be held at 10:00 a.m. and 7:30 p.m. each day through March 18. Thomas E. Cudd, minister, said this week that everyone is welcome and is inviting everyone to come hear the gospel preached in its purity and simplicity.

The church is located on Southwest Ave. A at West Lake Drive.

IN REGIONAL MEET SATURDAY—The Hamlin Piperettes will meet Grandbury Saturday at 12:30 at Lubbock in the first round of the Regional meet. Members of the squad are: left row top to bottom, Billye Blankinship, Jeanette Ballard, Rita Coker, Margorie Ford, Sue Martin and Sharon Wheat; middle-left to right, Debbie Rountree, Barbara Lakey and Jeannette Jenkins; right row-top to bottom, Marsha Goodgame, Linda Scott, Pam Smith, Cheryl Brown, Phyllis Scarborough and Mary Beth Hall. Standing in the middle is Coach Ed Farmer.

Schools to Hold Open House Next Tues., Thurs.

In recognition of Public School Week the Hamlin school system will hold open house Tuesday night, March 6, from 6:30 until 8 p.m. at the primary, elementary and junior high buildings.

The annual event is under the direction of the Hamlin Parent-Teachers Association.

Thursday evening, March 8, from 6:30 to 8:00 has been designated for the activities at the high school building. The Junior Class play follows the open house.

All parents and friends are invited to visit the schools during this time.

Plans by the different schools are as follows:

PRIMARY

The primary school has chosen American Heritage as their theme for open house. Each of the three grades will have displays to depict American Heritage through the home, community, country, state and county.

The first grade has also done some work on a circus and the second grade has included what the pupils wish to be when they are grown. The third grade classes are also emphasizing Texas with the theme.

Samples of the children's school work will be on display for the parents and friends to see.

Mrs. Fred Smith, principal, and the teachers, extend an invitation to everyone to visit the primary classrooms.

ELEMENTARY

Open House at the elementary school will be held on March 6, beginning at 6:30 p.m. All parents and friends are invited to visit the school at this time to see some of the work which has been done by the fourth and fifth grade students. Each room will have on display some art work, papers, and posters which have been made during the year as projects for the various subjects studied. Each child will have something on exhibit which will be of interest to the parents.

JUNIOR HIGH

Parents and friends of Hamlin Junior High School are invited to attend open house next Tuesday, March 6, between six and eight in the evening. A program will be presented at 8 p.m. in the junior high school gym. All are invited to attend. The program is under the direction of the Hamlin Parent-Teacher Association. The Hamlin Junior High School Choral Group under the direction of Mrs. Willard Maberry will present the major part of the program.

All classes will have posters illustrating various phases of study. Displays of class work will be on each child's desk or room. The art classes will have on display gravel craft, ceramics, velvet pictures, weaving, leather craft, copper-foil pictures, and other projects. Science experiments will be carried on in some classes. The eighth grade science class will operate a weather station. The seventh grade science class will show exhibits concerning the composition of air, atmosphere and fire. The social studies classes have exhibits relating to American History such as colored salt maps, forts, dolls, a cotton gin, steamboat, log houses, and a Bill of Rights Tree. The mathematics classes will display various geometric designs. The language-arts classes will show a mural on "History Through Poetry."

HIGH SCHOOL

Open house for Hamlin High School will be held Thursday (March 8) from 6:30 to 8:00 p.m. in the high school building. Many of the departments will display items made by the students in the various classes.

Principal B. V. Newberry said this week "Personal letters are being mailed to all students and parents and it is our desire that we have a good representation for our open house."

MATH

In the math department there will be a display of the work done by algebra students.

and the advanced students.

The advanced students will have individual projects consisting of various plane and solid geometry figures. Some of these figures can be used in future instruction, making it much easier to understand space geometry. Teachers in this department are Gus Young, Edd Farmer and D. C. Andrews.

SCIENCE

Collections, charts, models, specimens, prepared slides, drawing exhibits, demonstrations and students workbooks will be displayed in the science department. Teachers are Harold Williams, D. C. Andrews and Sherrill Bottoms.

BUSINESS EDUCATION

Joe Hudspeth Seeks School Post

Joe Hudspeth, owner of Joe Hudspeth's Tire and Appliances, has announced this week that he will seek election to the Hamlin Public School Board of Trustees April 7.

A resident of Hamlin for six years, he is a member of the Rotary Club, and has served as an officer of the Board of Community Development, and is a former member of the City Council.

Hudspeth and his wife, Emarene, are parents of two daughters, Jorene, a freshman at Hardin-Simmons University and Glenda Sue, an eighth grade student at Hamlin Junior High School.

The Hudspeths are active members of the First Baptist Church where Mrs. Hudspeth helps with the Primary Sunday School Department and the Girls Auxiliary.

Two vacancies exist on the board. Richard Young, Jr., now secretary, is seeking reelection. Names of other candidates, if any, were not available at press time.

Visitors in the home of Mr. and Mrs. R. O. Proctor this week were Mr. and Mrs. O. B. Proctor of Seminole and Mr. and Mrs. Bruce Proctor Jr. of Abilene.

CONGRATULATIONS—District Governor Briggs Todd of Abilene, left and President Edmund Robb, right, congratulate Joe Simpson on being elected incoming president of the local Rotary Club. Simpson will take office in July. Todd was speaker for the annual Ladies Night banquet held last Thursday night. Other officers elected were: Nelson Shave, vice president; Kenneth Scott, secretary-treasurer; and James D. Rodgers and Louie Cunningham, directors.

Piperettes in Regional Playoffs Saturday P.M.

The Piperettes will open their first round of Regional play Saturday with Grandbury at 12:30 in the Lubbock Coliseum. The Piperettes won their right to play in the Regional meet by defeating Spearman Monday night in Abilene, 47-34. Grandbury won out over Lakeview in their bi-district match Tuesday night, 56-42.

This will be the first time for a Hamlin girls basketball team to compete in regional and the second time for a girls team from District 6-AA to gain regional. Last year the Hamlin boys team was defeated in the finals in the regional meet.

Winner of the Hamlin-Grandbury match will meet the winner of the Tulia-Tahoka match in the finals at 8:30 Saturday night.

Class A play will open the one-day meet at 8:30 Saturday morning.

Winner of the regional meet will vie for State honors the following week in Austin.

Coach Ed Farmer said here this week that the Grandbury team plays a similar style of ball as the Avoca and Paint Creek teams. He stated that he will take the same girls to the regional meet that he carried to the bi-district contest this week. The girls will leave

Hamlin about 2 p.m. Friday and will spend the night at the Sands Motel in Lubbock. Jeannette Jenkins led the Piperettes in their victory over Spearman with 20 points. She

was closely followed by Barbara Lakey with 18 points and Billye Blankinship scored nine points.

Miss Lakey has a season average of 20 points for the top

scoring honors for Hamlin. Running close behind her is Miss Jenkins with 18 points per game average.

The Tulia girls will be the favorites in the tournament as they are rated number one in the state by the state association.

For the first time the girls will be playing in white rather than their usual green uniforms.

TICKETS NOW ON SALE FOR JUNIOR CLASS PLAY, MARCH 8

Tickets are now on sale for the junior class play, "The Little Dog Laughed," to be presented at 8:15 p.m. Thursday, March 8, in the Hamlin High School Auditorium.

The three act comedy is said to give a thousand laughs and contains such sport as probably never seen.

The cast includes Gloria Jenkins as Laurie Huntington; O. H. Weaver as Sidney Huntington, her father; Margaret Maberry as Martha Huntington, her mother; Van Newberry as Wally Huntington, her brother; Billye Blankinship as Miss Gus Gustavsky; Sunny

Moyer of Hoquiam, Washington; one brother, Claude W. of Demmit; five sisters, Mrs. John Lofland of Hamlin, Mrs. Carrie Reston of Stamford, Mrs. Hattie Varner of Waco, Mrs. Nettie Varner of Dallas, and Mrs. Jessie Thomas of Plainview; twelve grandchildren and five great-grandchildren.

Pallbearers were M. L. Rhodson, Arnold Johnson, Jimmy Wright, G. W. Kincaid, Loyd Boone, and Eddie Boone.

Teague as Joan Wood; Andy French as Ted Wood; Lou Ann Hawkins as Lillian Wood; Joe Rabjohn as Mark Bradford; Barry Moore as Horatio P. Honeywell; and Laguna Weaver, Nancy Stinett, Betty Robertson, Dotty Albritton and Mary Debs Rountree as guests at Martha's tea.

Danny Niedecken will understudy the boys' parts while Kay John and Julie Daniel understudy for the girls' parts.

Charlotte Donhom is chairman of publicity and is being assisted by James Boiles and Dennis Kelly.

Ann Hymen, Dorothy and Penny Ford will be in charge of make-up. Joyce Bingham is responsible for the program and Tommy Brown will handle sound effects. Lights and properties will be the responsibility of Dan Newberry. Charlotte Burleson is student director.

Mark Smith, class president, will be the announcer and is taking care of the reserve seat tickets sales. Sandra Jayroe is in charge of the girls' tickets and Jackie Smith is in charge of the boys' tickets.

Ushers will be Mary Beth Hall, Carol Moore, Jeannette Ballard, Wilma Welch, Wynell Williams, Randy Brown and Jimmy Haught.

Mrs. Charles Scott, Mrs. Dewey Nunley and Harold Williams are class sponsors.

John Howard Jr. Asks Re-Election As City Mayor

John V. Howard Jr. announced this week that he will seek re-election as mayor of the City of Hamlin. Howard, owner of Howard Food Market, has served as mayor for the past year.

Others seeking election, as alderman, are Floyd Clifton and George Poe. Retiring aldermen are John D. Ferguson and James D. Josey.

Beta Sigma Phi To Hold Bridge Tourney Saturday

The Beta Sigma Phi Duplicate Bridge Tournament will be held Saturday, March 2, in the High School Gym. The first session will begin at 1:00 p.m., with the second session starting at 7:30 p.m.

The charge will be \$1.50 per person each session.

Lions Club Pancake Supper Date Set March 23

Date has been set for the annual Lions Club Pancake Supper, according to L. H. McBride, chairman of the project. He announced that the supper will be Friday night, March 23, from 5:30 to 8:00, at the High School Cafeteria.

Price of the supper, which will include pancakes, bacon and a drink, will be 75 cents for adults and 50 cents for children for all you can eat.

Coyote Drive Planned Saturday

A drive to kill out the bob cats and coyotes that have plagued the ranchers and landowners in the area west of here will be held Saturday at 9:00 a.m. Many of the cattlemen have lost young calves who were attacked by the animals.

The group will meet at Kent Jones barn on the Rotan highway, west of Hamlin. All those interested are asked to bring their lunch.

Shotguns only will be used.

MONDAY RITES HELD HERE FOR J. S. KING

Funeral services were held Monday for James Samuel King, 83, at 2:30 p.m. in the First Methodist Church. He died in the Hamlin Memorial Hospital following an illness of about 2 weeks.

Mr. King, a resident of Hamlin for 71 years, was born January 11, 1879, in Belton County, Texas. He married the former Cona Myrtle Harris on November 6, 1898 at Neida. He was a retired farmer and a member of the First Methodist Church.

The Rev. Edmund W. Robb, pastor of First Methodist Church, officiated. Burial was in the Neida Cemetery.

Survivors are his wife, two sons, Lawrence of Abilene and Cecil of Laredo; two brothers, J. J. of Houston, Jack of Seattle, Washington; one sister, Mrs. James L. Feagan of San Angelo; two grandchildren and 5 great-grandchildren.

Rev. Doyle Combs Called as Pastor of Swenson Church

Rev. Doyle Combs, pastor of the Fairview Baptist Church for the past three and one-half years, has accepted the pastorate of the Swenson Baptist Church in Stonewall County. He will assume responsibilities there Sunday and he and his family will be moving on the field next week.

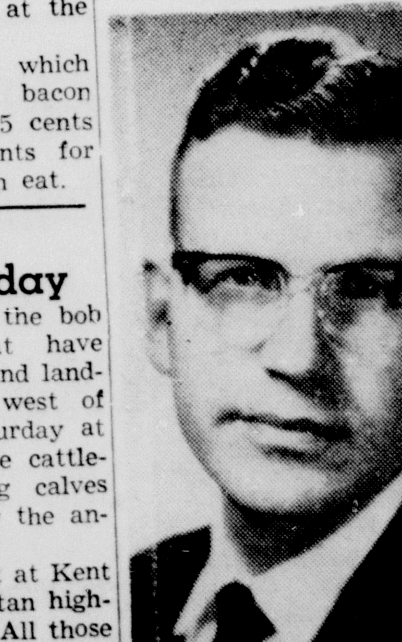

He became pastor of the Fairview church in September, 1958, and his resignation there was accepted last Sunday.

While serving the Fairview church, the congregation, who had participated in the Achievement Program for the past five years, was awarded the associational award for outstanding work during 1960-61.

The group also remodeled the church building, added air-conditioning, refinished the floors and dug a well to provide water for the church.

Rev. Combs is the son of Mr. and Mrs. Howard Combs of Lorraine. He is married to the former Glenda Herrington of Sweetwater. Her parents are Mr. and Mrs. Frank Herrington. They have four children, Brenda Kay, 6, Catherine Sue, 4, Johnny Doyle, 2 and Sherri Denise, 2 mo.

A 1953 graduate of Lorraine High School, Rev. Combs was then graduated from Hardin-Simmons University in 1957. He has done graduate work at Southwestern Theological Seminary and Hardin-Simmons.

We urge that the people of Hamlin co-operate with the City Council, Literary Club and other societies of our town to help us keep a cleaner town. Be more careful with our papers and cans. When you dress a chicken, pick it on a newspaper and burn the feathers. In this way we won't have feathers blowing all over our place, and scattering germs. If you have a hog, put your ashes in the feeding pen. This will keep away flies and an unpleasant odor. To the business man, we especially urge you put your papers in a wire basket and burn them. This will prevent a lot of loose paper from blowing over town.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN—After the labor unions gave Houstonian Don Yarborough their coveted COPE "Commendation," some sections of the Political Association of Spanish-Speaking Organizations started worrying about joining the state body in a PASSO pronouncement for Gov. Price Daniel.

First splinter off the block was Hildago County chapter—third largest PASSO unit—which voted 44-16 to make no endorsement in the governor's race.

Yarborough made no comment as he rounded the Gulf Coast area to line up more support.

He's been conspicuously absent from his Austin headquarters, while all other statewide candidates touch base here frequently to counteract the almost constant presence of gubernatorial candidate Will Wilson and the incumbent who dwells in the mansion.

Daniel almost had trouble getting his campaign off the ground when a Department of Public Safety nipped its wing while lifting the governor off Austin ground for a Houston appearance. The party changed into a private plane, and proceeded to inspect the Carlsbad Dam San Jacinto Monument with representatives from the State Board of Control, Building Commission and State Archives.

Former Secretary of the Navy John Connally also suffered aerial setbacks in his search for support. Bad weather prevented him from landing for San Marcos and San Antonio speaking engagements. When the clouds cleared he carried his campaign to Laredo.

Sen Jarrard Secrest, democratic candidate for Lt. governor followed Connally into Laredo where champion traveler Tom Reavley joined him to get help to speak to PASSO supporters for his attorney general's race.

Secrest announced the opening of his Austin office this week with a blaring banner on the avenue leading to the Capitol.

Will Wilson started crowding Daniel's position as patron of Texas teachers. Wilson stated that Texans need to take a "long, hard look at the curricula of our schools—and then pay a little more attention to the advice of professional educators instead of well-meaning but ill-informed amateurs." He also suggested higher pay.

Another lieutenant governor contender, Sen. Crawford Martin, also started keeping shop in the capital city.

A Friday coffee party served as "house" warming for Waggoner Carr, former Speaker of the House, who's an attorney general hopeful.

Carr's office is just a block and a half from the Capitol grounds. Les Procter, another attorney general candidate, has his headquarters in a long silver trailer, across the street from the Capitol.

is it necessary to develop plans for constructing dams and reservoirs to fill the expected need, but the business of condemning land and building these projects involves as much as a decade.

One stage of the long-range development plan includes a \$65,700,000 reservoir on the lower Navasota River. But supporters have run into the problem of excessive chloride content caused by oil field salt water waste disposal—a problem repeated in many Texas streams.

Water Commission Engineer John Vandertulip will submit a report on the source of this pollution next week.

HIGHWAY SAFETY STUDIED—Top engineers and administrators from the state highway department of Texas, Oklahoma, Arkansas and Louisiana will gather this week to discuss uniform use of highway and street signs, signals and markings in an effort to increase driving safety.

Governor Daniel announced that traffic deaths over the past five years have averaged 230 below the 1956 toll. There were 2,611 traffic deaths in 1956, and the yearly average since then has been 2,381. Daniel credited the joint efforts of groups interested in traffic safety with the preservation of many lives.

'ARCADE' DUE IN AUSTIN—U. S. Chamber of Commerce Richard Wagner will head the team of national chamber officers, committee-men and staff specialists who will land here March 8 on an "Arcade for Citizenship Action."

This will be the first Texas stop in the Arcade's sixth annual cross-country series of public discussions on legislative matters.

Former Gov. Allan Shivers is chairman of the Austin Arcade which will begin at the Municipal Auditorium at 9:25 a.m. and continue until 3:30 p.m. Delegations from all over the state are planning to wing in for the panel conferences and \$7 luncheon.

NEINDA PHILOSOPHER CLAIMS WHAT COUNTRY, BUT NOT HIM, NEEDS IS MORE MACHINES THAT WON'T WORK

Editor's note: The Neinda Philosopher on his Johnson grass farm on route 1, takes an off-brand view of machines this week.

You've heard the expression so often that everybody by now assumes we're living in the machine age, but I doubt it.

According to an article I read in a newspaper which a man handed me in town yesterday in a move to break up a conversation because he said he had to get back to work, President Kennedy told a press conference that "25,000 new job will have to be found every week for the next ten years to take care of workers displaced by machines."

I'm sure he's right about this, but I'll never be able to understand it.

I mean, if a machine is going to come along and replace me, and I have to get out and get another job, what's the advantage in having the machine in the first place? I've always contended that if a machine doesn't throw me out of some work, I ain't interested in having it on the place.

When the four-row plow replaced the two-row plow on the big farms of this country, I figured those big farmers had it made. Now they could do twice the work in half the time. But it didn't work out that way. All they did was take on twice as much land and continue to work the same hours, burning up twice as much gas-

oline. Didn't even start fishing as much as I've been doing for years with one-row equipment. I've never been able to understand this type of progress.

If the more the machine replaces man, the more man is going to have to work, we sure could save a lot of gas and oil by re-inventing the forked stick to plow with.

If it's going to take 25,000 new jobs every week to make up for the jobs taken over by machines, and half these replaced workers for all they know may be put to work building other machines that will replace them month after next, I figure that in ten years every machine in the country may be running full blast but 90 percent of the people will be out of work.

And while I might be in favor of this, I'm afraid the economists and mortgage-holders and tax-collectors wouldn't.

What this country needs is a new-type machine that will only do one-fourth the work of the man it replaces. I've got a tractor that will fill this bill, but it's no longer being manu-

factured. Yours faithfully, J. A.

Fire Department Answers 25 Calls Since Jan. 1

After answering 25 fire alarms in the first 58 days of the year, a plea has gone out from the Hamlin Fire Department to the residents to help prevent grass fires.

The accumulation of dried grass and trash and the present weather conditions contribute to the rash of fires so everyone is urged to take every precaution to help prevent fires.

The department, with a record of only one fire loss in 1962, was able to keep it to a minimum by their early arrival. The Snack Bar, near the junior high school building, suffered several hundred dollars damage to the business when the fire started inside the wall and in the attic.

Citizens are reminded of four steps to take in reporting a fire. They are:

1. Dial SP 4-1333.
2. Give your name to dispatcher.
3. Give the location of the fire, street and block numbers.
4. Give the type fire, whether grass, car, building, etc.

By giving this information to the dispatcher, he can get the firemen to the scene promptly.

Rudy V. Hamrick Announce Opening Of Law Office

Rudy V. Hamrick, attorney-at-law, has opened offices at 35 Southwest Third Street this week. He and his wife, the former Patsy Maberry, moved to Hamlin in February and are living at 329 S.W. Fifth street.

A graduate of Roby High School, Hamrick was salutatorian of his class. He started to college at Texas Tech, Lubbock, and was then called into military service. After four years of security work with the Air Force in Alaska he entered Hardin-Simmons University. He went from there to Texas Tech where he received a B.B.A. degree in 1957. In August, 1961, he received a L.L.B. degree from the University of Texas Law School. In November of last year he received notice that he had passed the Texas State Board of Law Examiners.

Rural Carriers Re-elect Officers At Annual Meeting

Rural mail carriers of six counties, holding their annual meeting in Stamford last Saturday evening voted to change the name of their organization to the Brazos Valley Rural Letter Carriers Association. It was originally formed 40 years ago as the Jones, Haskell, Stonewall, Shackelford, Fisher and Kent Local.

A record attendance registered at Saturday's meeting, held in the Cliff House in north Stamford. Principal speaker was Post Office Inspector W. A. Foster of Abilene.

Honored at the banquet were rural carriers who had retired during the year. These included I. A. Clements of Hamlin, J. W. Perry of Rotan, Otto Smith of Stamford and J. M. Diggs of Haskell.

Special guests were several officials of the state association of rural carriers, including State Vice President and Mrs. John Loftin of Loving, State Secretary and Mrs. J. L. McClung of Bridgeport, and State Committeewoman, Mrs. Harry Oder and Mr. Oder of Abilene.

All officers of the association and auxiliary were re-elected. They are Truett Alvis, Rochester, president; F. M. Pittman, Anson, vice president; O. W. Tooley, Haskell, secretary-treasurer; Mrs. Roscoe Smith, Roby, auxiliary president; Mrs. F. M. Pittman, Anson, vice president; Mrs. O. W. Tooley, Haskell, secretary-treasurer.

In addition to all officers, delegates elected to the State Convention included D. R. Bennett of Lueders, Roscoe Smith of Roby, H. H. Dunklin, Avoca, and E. E. Gilbert, Roscoe, alternate.

Craig Olson Maberry was born Feb. 20 and weighed 8 lbs., 8 oz. Mr. and Mrs. Lee Gillis Maberry are parents.

Spaulding Family Finds February Eventful Month

February has been quite an eventful month for the R. T. Spaulding family living on Central Avenue here in Hamlin. To begin with, when the preparations for the space flight by Lt. John Glenn Jr., was first prepared, among the many different precautions outlined were the placing of several U. S. Ships in strategic points along the proposed flight for the protection of the astronaut. Among the ships chosen for the initial flight was the USS Carrier Wasp. Billed on the Wasp as Gunnery Officer and Public Information Officer, was Commander David L. Spaulding. Commander Spaulding is the son of R. T. Spaulding of Hamlin and has visited the city on various occasions.

His brothers, Rodney and Bob, both graduated in the local High School. He has many friends in the city. As the program became delayed by weather and other reasons it became necessary to move the ship on into the regular schedule of work and the USS Carrier Randolph was the ship used. It was however, not known until after the flight that this change had been made.

The second thrill given this family was information received that the February issue of the Ladies Home Journal contained a story of the selection of outstanding young hostesses across America who were recognized as home entertainers and who were written up in the Journal as outstanding in their various states. Among the four selected was Mrs. Robert T. Morris III, Portland, Oregon. Mrs. Morris is the daughter of Mr. and Mrs. Bruce Spaulding, a brother of R. T. Spaulding of Hamlin.

All contestants, both at the city, regional and state level, will be judged on the basis of poise, personality, posture beauty and the straightness of the spine, as shown by x-ray. The state winner will receive a trophy, a \$500 cash prize and an expense-paid trip to the world contest. District winners will also receive prizes.

Dr. Miller said most districts planned to hold regional contests the first week in May.

Posture Week will be the nomination of 12 regional posture queens who will compete for the title of "Miss Correct Posture of 1962" at the Association's State convention in Fort Worth in early June. The state winner will compete in a world contest in Detroit, Mich., later that month.

All contestants, both at the city, regional and state level, will be judged on the basis of poise, personality, posture beauty and the straightness of the spine, as shown by x-ray. THE LIGHT

"Thy word is a lamp unto my feet, and a light unto my path."

The bible, God's word, has often been compared to a light, for it penetrates the darkness and reveals God to man. It is the light that leads man down life's pathway. For those who study it, it reveals not only the past, but also the future.

"The entrance of thy words giveth light, it giveth understanding..."

Attend church and hear God's leaders expound on His word.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Feed, Grain Price Support Program Announced

Corn, barley, and grain sorghum producers who participate in the 1962 feed grain program by diverting acreage to conserving uses will be eligible for price support on these crops. The required re-

duction does not apply to qualified malting barley producers. Corn and grain sorghum producers will be eligible for support on these crops if they reduce their corn and grain sorghum acreage by a minimum of

20 per cent and do not exceed their base acreage (1959-60 average) of barley. Barley producers will be eligible for barley support if they reduce their barley by the minimum 20 per cent and do not exceed their base acreage of corn and grain sorghum.

Based on a review of an earlier determination, participation in the 1962 feed grain program will not be a condition of eligibility for 1962-crop oats and rye price support. This is also a change from the 1961 program when participation in the 1961 feed grain program for corn and grain sorghum was required to be eligible for 1961 support on oats and rye.

Under legislation authorizing the feed grain program, there will be a quantitative limitation on 1962 production of corn, grain sorghum and barley that can be put under support from eligible farms. The eligible quantity will be that equal to the farm's 1939-60 average per acre yield times the corn, grain sorghum or barley planted acreage as determined by the county Agricultural Stabilization and Conservation (ASC) Committee. There will be no limits on the quantities of oats and rye put under support.

As in the past, price support on the five feed grains will be carried out through farm- and warehouse-stored loans and purchase agreements. These will be available through the county ASCS offices. To be eligible for price support, the

grains must be in adequate storage.

Price support on barley, grain sorghum, oats, and rye will be available from harvest time through January 31, 1963, and on corn through May 31, 1963, in most areas.

Loans in most States will mature on March 31, 1963, for grain sorghum; on April 30, 1963, for barley, oats and rye; and on July 31, 1963, for corn. Earlier maturity dates may be set for some areas because of storage conditions or early harvests.

To be eligible for support, these crops must have been produced in 1962. Corn must be grade No. 3 or better, except that corn grading No. 4 because of test weight only will also be eligible. Corn must meet certain moisture requirements.

Minimum eligibility requirements for other feed grains are: Grade No. 4 or better, or No. 4 garlicky or better for barley; grade No. 4 or better, grade No. 4 smutty or better, or grade No. 4 discolored or better, and continuing not more than 13 per cent moisture, for grain sorghum; grade No. 3 or better, or No. 3 garlicky or better, for oats; and grade No. 2 or better, or grade No. 3 because of test weight only, and containing not more than 1 per cent ergot, for rye.

County support rates with premiums and discounts for

quality will be announced later. In addition, terminal rates will be set for barley, grain sorghum, and rye and will also be announced later.

Under the feed grain program, payments will be made to farmers who divert corn, grain sorghum, and barley acreage to conserving uses. The payments will maintain farmers' incomes, and the acreage reduction will continue the trend started with last year's program to bring about a better balance between feed grain production and needs. As was done last year, about half of the payment will be offered to producers as they sign up under the program. The sign-up period for the spring-planted crops begins February 5 and runs through March 30.

Payments will be "in-kind" from Commodity Credit Corporation stocks of feed grains. However, producers may receive the cash equivalent of the in-kind payment and ask the CCC to act as their agents in marketing the grain. Provision is also made for producers to obtain grains directly from CCC stocks, if stocks are available locally, as payment or to use the payment in purchasing grain that they have under price-support loan.

As announced, support rates for 1962 feed grains are as follows: Corn—\$1.20 per bushel av-

erage for all grades.

Barley—93c per bushel for grade No. 2 or better.

Grain Sorghum—\$1.93 per hundredweight for grade No. 2 or better.

Oats—62c per bushel for grade No. 3.

Rye—\$1.02 per bushel for grade No. 2 or better, or grading No. 3 on test weight only.

The 1962 support prices announced February 2 reflect approximately 74 per cent of January 1962 parity prices of \$1.62 per bushel for corn; \$1.25 for barley and \$1.33 cents for oats; 69 per cent of the rye parity of \$1.48, and about 78

per cent of grain sorghum parity of \$2.48 per hundredweight. The support prices for 1961 crops were set at \$1.20 per bushel for corn, 93 cents per bushel for barley, 62 cents per bushel for oats, all reflecting about 74 per cent of parity; \$1.02 per bushel for rye reflecting 69 per cent of parity, and \$1.93 per hundredweight for grain sorghum, reflecting 78 per cent of parity.

HEALTH DEPARTMENT REPORTS INCREASE IN DYSENTERY CASES

Dysentery, while not a major killer among Texans, still claims many lives each year. Sadly most deaths occur among infants under one year of age.

Last year there was a 10 percent increase of shigellosis—the technical name for bacillary dysentery—according to the Texas Morbidity published each week by the Communicable Disease Division of the Texas State Department of Health.

At the end of the year, the 1961 total stood at 3,915 cases compared to 3,420 cases at the end of 1960.

The total deaths from dysentery have not been compiled for 1961; however, in 1960

**Shrinks Hemorrhoids
Without Surgery**

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

there were 79 deaths from the disease with 53 percent among infants.

Dysentery is transmitted "by eating contaminated foods, or drinking contaminated water or milk, and by hand-to-mouth transfer of contaminated material; by flies; by objects soiled with feces of a patient or carrier."

This is one of the reasons foodhandlers should wash their hands thoroughly before any food preparation—and especially after visiting the bathroom.

Also foods which are moist or eaten raw require special attention in washing and preparation.

Fly control and control of fly breeding are important steps in fighting this disease. Control of existing flies can be done by screening, fly traps and by contact poisons and space sprays.

Fly breeding can be controlled with adequate garbage collection and disposal, elimination of garbage dumps and substitution of land-fill operations, and provision for proper sewage disposal.

Infant mortality from shigellosis can be curtailed with adherence to good hygiene principles, scrupulous cleanliness in preparation, handling and refrigeration of food, safe milk and water for infant feeding, and continuous supervision of their diet.

It is generally acknowledged that many cases of unreported diarrhea probably result from shigellosis. Suspect victims should seek the aid of their physician. (A weekly feature from Public Health Education Division, Texas State Department of Health.

OPEN HOUSE

(Continued from page one) partment you will see a demonstration on an electric typewriter with a dictaphone dictation, writing in shorthand, and numerous displays. Some of the displays will include work of the students, on the parts of a letter, different letter styles, speed and accuracy charts, correct posture, balance sheet, and a profit and loss statement. There are 47 students enrolled in typing, 38 in bookkeeping, and 18 in shorthand. Miss Dora Mitchell is the teacher.

HOMEMAKING

The homemaking teachers and students invite parents and friends to visit the department. The foods laboratory will be open for inspection. There will be exhibits of garments made through the year in the clothing laboratory with aprons, petticoats, blouses and skirts exhibited by Homemaking I classes. One piece dresses will be shown by Homemaking II and there will also be sweaters and hats on display made by students.

Mrs. Joe Wayne Carter and Mrs. James Simmons, teachers, will be no hand to meet all guests.

HISTORY

The social science department will have on display posters, maps, charts, and projects depicting scenes in world history, American history, United States government and economics. Workbooks and folders of individual students' work will be shown. Also on exhibition will be research papers which were done by the senior students in government.

Teachers are Mrs. Everett Gibson and Sam Walker.

ENGLISH
Projects made by students during the study of literature will be displayed in the English department. Miniature castles, theatres and mead halls; posters and charts; and dolls dressed to represent characters from literature will be on display in rooms 1, 8 and 9 and in the conference room off the library.

SPANISH
Spanish students have made posters illustrating Spanish proverbs. These will be on display in room 1.

Teachers in the English and Spanish classes are Mrs. Charles Scott, Mrs. J. B. Jayroe, Mrs. W. A. Hawkins and Mrs. Dewey Nunley.

Pfc. Walter R. Willis has completed basic training at Ft. Carson, Colo., and received a gold soldier award. He is now at Fort Gordon, Georgia, and in training as a communication dispatcher.

County Farm Bureau Seeks New Members

\$10.00 is a small fee to pay to protect an investment amounting to thousands of dollars, but that's all a membership in Farm Bureau costs, according to K. G. Martin of Anson, president of the Jones County Farm Bureau.

Martin announced that the local county organization is staging its annual membership drive beginning March 1st and continuing through March 3rd.

The County farm leader declared that membership in Farm Bureau is the best assurance that a farmer or a rancher has that his economic future is protected.

"Farm Bureau is owned and controlled by its members and is primarily designed to safeguard and promote agricultural interests on the local level, in Austin and in Washington," Martin said. He explained that one of the benefits a membership in Farm Bureau buys is full-time representation in the Texas Legislature and national Congress.

"Three out of every four organized farmers and ranchers in this nation belong to Farm Bureau," he explained. "And our organization spares no effort to obtain maximum membership participation in the development of policies that guide the organization on all levels."

The Jones County Farm Bureau has set a quota of 600 member families for 1962. Last year the organization had 572 enrolled.

The first meeting of the Hamlin Boating Club was held February 26, at the Oil Mill Guest House with 24 in attendance. The purpose of this meeting was to organize a boating club. The following officers were elected:
